Dave Kirk

Known to most of the Student Body as the photographer is Dave Kirk. You will see him at all games and many other activities around school. Dave is active in tennis, ski club, and annual class. For his outstanding contributions and services to University High School, we, the KRONOS staff, proudly dedicate the 1974 KRONOS to Dave Kirk.

Ed. Note: For the first time, we are submitting a dual dedication, as is quite evident. Whether or not this will become established future policy remains to be seen.

Dedication

A man who can be depended upon to do almost any task given him is Mr. Traynor. He spends much time and effort to make all his classes interesting and he also advises the chess club, along with being an all around good guy. As a small token of our appreciation for his dedication, we, the members of the KRONOS staff, dedicate this edition of the 1974 KRONOS to Mr. Traynor.

This is a picture of Michael and I at the first Sadie Hawkins. Quite, the charming couple I must admit. I hope C.V. has been treating you right, cause youre a real nice person. Going there gave you a chance to see what a flint Michael is. Best wishes to you always,

Jazz Lab - On to L.A.

On the morning of March 7, after much hard work and hours of devotion by our students and people in our community, the University High School Jazz Lab Band left for the Jazz Festival at Orange County, Los Angeles, California.

The support of our area made this festival a success, not only for those participating but for those who waited patiently at home.

An invitational festival, it was a first-time event for our jazz lab and the many talents of our students were made known to others.

Marla,

I can't believe it's such a small world. After last summer I didn't think I'd see you again. That last day at U-H when I saw you I almost cked. Oh well, I'm glad you moved here. Good luck next year and always and I'll be seeing you at drum lessons etc.

Love,
Corky

Yo Marla-
you know, for
someone who went to
U-Hi nearly an entire year,
then came to our fantastic
C.V., you've got class that's hard
to come by! But, I guess it's only
the neatest people who finally realise
C.V. is really #1. Our stay together in
Mt. Vernon was certainly more fun & exciting
staying with someone new to me so I could
delve into your private thoughts. I am very nosey
about people's most inner feelings & thoughts you know.
But what would life be if we were all computers? &
people's INSIDES because I care to much about
wouldbe NUTS I suppose by now yours
peoples inside world. I am a musician or novelist. I get
wondering if I am a musician or novelist. I get
carried away with folks I really dig. Give me a
ring this summer 'cause my brother built me a new
ten-speed but no one in my neighborhood has bikes.
I really appreciate you trusting me to take you annual
home when we hardly know each other! ALSO.....
thankyou for staying with a real nut like me in
Mt. Vernon. You a great person Marla, and I hope
to have your friendship many many years
to come.

Love
